

## Missionary of the Month - February 2022

**The Rygh Family: Josiah, Ellee, Hannah, Emily, Isaac & Mark serving with Cru in Oshkosh, WI.**

Mark & Emily are currently working in Florida with a team, some of them from East Asia, to move forward with a “Hyper Local Video (HLV)” media initiative which would equip East Asian Christians with a greater bridge to sharing the Gospel with their friends, family & co-workers. HLV’s are short videos narrated by a Christian from a local Asian city. The narrator introduces a “celebrated city” with drone video, discusses 1 or 2 broken pieces of the culture, and then addresses how Jesus can meet people in that brokenness and help them heal and deal with the issues. With this exciting opportunity to work with East Asian brothers and sisters, please pray for their success in developing and using this media technology to reach the millions of individuals in 145 cities in Asia who are as yet unreached!
